Education

Ph.D. Atmospheric Science

1992–1996, Colorado State University, Ft. Collins, CO, USA

Dissertation: “On the Dynamics of Precipitating Stratocumulus”

Adviser: William R. Cotton

M.Sc. Electrical Engineering

1988–1990, Iowa State University, Ames, IA, USA

Thesis: “Astrophysical Jets and Implications of Low Frequency Observations”

Adviser: John Basart

B.Sc. Electrical Engineering

1984–1987, Iowa State University, Ames, IA, USA

Professional Experience

Director at MPI-M and Scientific Member of Max Planck Society

Max Planck Institute for Meteorology, Hamburg

2008–present

Managing Director, 2011–2014, 2021–2024

Head, MPI-M Scientific Computing Lab, 2013–2020, 2024–

Professor (§17), Universität Hamburg, 2009–
